

City Sets Bond, Well Bid Dates

Dates for selling the \$650,000 waterworks bonds and for receiving bids for drilling three wells on the Mack Forrester land were set at recent meetings of the Canyon City Commission.

The bonds will be sold on Sept. 25 at 2 p. m. In the order setting the dates, the commission named the First National Bank of Canyon as paying agent for the \$125,000 tax bonds and Texas Bank and Trust of Dallas as paying agent for the \$525,000 revenue bonds.

Bids for drilling and installing equipment in the three wells will be received on Oct. 10 at 10 a. m. In other action in the regular meeting Monday night, the commission decided to repave the 400 block of 8th Street, the block at the north front of Canyon High School.

The commission also asked

PERMITS PASS HALF MILLION

Building in Canyon passed the half-million mark during August with eight permits issued with a total value of \$72,000. The permits included four new residences, an apartment house, a duplex, moving in a residence and an addition to a residence.

The value of building permits issued during 1957 totals \$528,050 through Aug. 31. Permits issued last month include:

K. E. Davis, 2106 First Avenue, residence, \$5,000, Aug. 3.

M. S. Downing, 2512 Eighth Avenue, apartment house, \$13,000, Aug. 7.

J. P. Hammons, 2503 Twelfth Avenue, residence, \$10,000.

Pat Baber, 607 21st Street, move in residence, \$2,000, Aug. 15.

Glenn R. Gardner, 2406 Eleventh Avenue, residence, \$15,000, Aug. 21.

G. J. Barker, 400 Sixth Avenue, addition, \$10,000, Aug. 28.

Art Roberts, 1107 Fourth Avenue, duplex, \$10,000, Aug. 28.

C. P. Vaughan, 504 Taylor Lane, residence, \$16,000, Aug. 30.

Two Hurt in 3-Truck Wreck

Two truck drivers were injured in a three-truck collision Thursday evening one mile north of Canyon and the third driver escaped injury.

Injured were Oscar Fry of Amarillo and Billy Boatman of Hereford. Uninjured was Ray Gipson of Colorado City.

Fry's truck, hauling gravel, skidded on wet pavement and was hit by Boatman's truck, hauling ammonia. Then Gipson's truck, hauling asphalt, struck the wreckage.

The gravel truck caught fire when a gasoline tank erupted, but the blaze was extinguished by the Canyon Fire Department. All three trucks were traveling north on the highway at the time of the wreck.

City Champ Tourney Set for City Club

A city championship golf tournament has been set for the last of this month at the Canyon City Club, according to the tournament committee, Bruce Winn and Bill Davis.

Qualifying will start Sept. 15 and is to continue through Sept. 22. Qualifying for medalist must be on Sept. 22. Match play set tentatively to start Sept. 29 and continue on Oct. 6. The tournament is open to the public as well as club members.

Buffaloes Steal Border March With Early Game Against McMurry Here Saturday

West Texas State's football team will get a week's jump on other Border Conference teams Saturday night when the Buffs open the season with McMurry College in Buffalo Stadium. The other five members of the league don't go into action until Sept. 21.

Coach Frank Kimbrough, in his 11th year, has five starters returning from the 1956 unit that won eight and lost two, including a Tangerine Bowl win over Mississippi Southern. The two big guns in last year's powerful offense—halfback Ron Mills and fullback Charlie Sanders—are included.

Coach Kimbrough has been satisfied with the progress of the Buffs in two-day drills but has suffered one casualty to date. Bob Wheelchel, tabbed for starting right halfback, sprained an ankle the first day and will miss the first game.

City Secretary Andy Boggs to ask for bids for a new trash truck and packer to replace the present truck.

Stop signs will be erected at nine intersections as soon as possible by order of the commission. Chief of Police Ralph Pray recommended the signs to be placed at Eighth Avenue and 22nd St. and Ninth Avenue and 22nd, 23rd Street and Eleventh, Twelfth, Ninth and Sixth Avenues and Pecos Street, Eighth Avenue and 8th Street and Seventh Avenue and 8th Street.

The commission adopted a new Arson Reward ordinance to comply with the recommendations of the State Insurance Board. T. A. Black and Alvin McDonald were re-appointed as members of the Canyon Housing Authority and M. L. Sherrod was nominated by the commission as a replacement for the Rev. Win Matsler.

The commission also accepted a low bid of \$50.76 for four tires from Griffins Truck Stop and a low bid of \$8 from Brasher-Walsh for four tubes. Other bids were from Cole and Moore.

Terry Rites Held Thursday

Final rites for Stephen Luther Terry were conducted Thursday afternoon in Warren-LaGrone Funeral Chapel by the Rev. J. E. Burkham of Bushland.

Pallbearers were Marion Higdon, Lewis Bolton, A. M. Cunningham, Bing Crosby, Hampton Lisle and Marvin Fite. Burial was in Dreamland Cemetery.

Mr. Terry, 70, died Wednesday morning in his home. He was born Aug. 3, 1887, in Hill County, Texas, and had lived in Canyon since 1928.

He was a member of the First Baptist Church.

Survivors include his wife, Mrs. Bertha Terry; one son, Landon Terry, Amarillo; one daughter, Mrs. Flora Smith, Cleburn; one brother, W. A. Terry, Laredo, Okla.; and one sister, Zelma Terry, Mercedes.

Last Rites Read For S. R. A. Hair

S. R. A. Hair of Dublin, father of Carl Hair, died Sept. 1 at Dublin. Mr. Hair had gone to Dublin and was with his father when he died.

Burial was in Dublin Sept. 2. Mrs. Carl Hair, Mr. and Mrs. Carl Eugene Hair and sons and Linton and Howard Mahle attended the funeral.

Injure Four in Two-Car Wreck

James Curb, 21, of Canyon was reported in critical but improving condition Tuesday after suffering injuries in a two-car wreck six miles north of Canyon in which three other persons were injured.

Others injured were Mr. and Mrs. Joseph B. Muecke and their son, William, 21, all of Ottawa, Kan. The Mueckes are in St. Anthony's Hospital in Amarillo and Curb is in Northwest Texas Hospital there.

Investigating officers said the Muecke car, driven by William, was traveling south and Curb's car was traveling north. Direct cause of the accident was not known.

Edgetown HD Club To Meet Friday

The Edgetown HD Club will meet Friday at 3 p. m. in the home of Mrs. K. E. Hines.

Number 23

Four Attend County Hearing

Down on One Knee

Slaton Quarterback Douglas Corley, 10, hits the ground during the first quarter of the Canyon-Slaton game here Friday.

Canyon Invades Hereford Friday

Not entirely pleased with the Canyon-Slaton game last Friday, Eagle Coach Bill Davis spent the first part of the week correcting errors that showed up in the film of the game as the Eagles prepared for Friday night's contest with the District 1-AAA Hereford Whitefaces.

Tickets for the game, to be played in Hereford, will go on sale Thursday morning in The Pharmacy and the Canyon Drug.

Looking forward to the Hereford game, Coach Davis said it should be close. "I don't say whether or not we'll win, but I think it ought to be close. I think they'll be a scrapping bunch."

Complimenting the new Hereford coach, Jack Harris, who moved to Hereford from Nocona, Coach Davis said he has worked his boys hard in preparation for the season. "The kids he'll have out there are going to be tough."

Being in the AAA bracket, Hereford has had workouts that began one week after Canyon's, but Hereford had spring practice. This game will be the first of the year for the Whitefaces. The Hereford coaches scouted the Canyon-Slaton game.

In a scout report of the Hereford team, compiled mostly from last year's records, spring training and talks with other coaches, Coach Davis said the Whitefaces run the Split T formation, and like to use end sweeps, also.

The report shows that the Canyon line will outweigh the Hereford forward wall and the backfields average the same. Canyon's line averages 175 and the Hereford line averages 168. The backfields average 164 pounds.

Expected to start for the Whitefaces are Leslie Sharp, left end, 5'10, 165, senior, who played guard last year; Bill Drake, left tackle, 6'1, 185, senior; Pete Plank, left guard, 5'10, 165; Gary Roland, center, 160, junior.

Charles Self, right guard, 5'10, 165; Danny Martin, right tackle; Steve Slagle, right end, 6'2, 170, senior; Fred Lookingbill, quarterback, 165, senior, who played end

last year; C. D. Fitzgerald, fullback, 5'10, 165, junior; Jim Cutsinger, right half, 6'5, 170, senior, no previous experience; Durward Jacobs, left half, 155, very fast with a 10.2 mark for the 100-yard dash.

Behind the Barricades

In case you've been wondering what is going on behind the barricades that are blocking traffic on Highway 87 at Fourth Avenue and shunting it through downtown Canyon, this will give you an idea. A huge machine that takes sand, gravel and cement by the truckload in one end and spews out concrete from the other has been laying shoulders, the curve west to Hereford and the highway under the traffic interchange.

Conduct Rice Services Tuesday

Funeral services for William Liberty Rice were conducted Tuesday afternoon in Warren-LaGrone Funeral Chapel by the Rev. Winston Wilbanks, associate pastor of Westminster Presbyterian Church in Amarillo.

Pallbearers were T. S. Stevenson, Bud Rusk, Hampton Lisle, A. B. Holt, James Cole and John Hunter. Burial was in Dreamland Cemetery.

Mr. Rice, 68, died Sunday night in Veterans Hospital in Amarillo, after being a hospital patient for five weeks. A native of Marietta, Okla., he was born April 20, 1889.

Mr. Rice had lived in Canyon since 1935 and had been a carpenter. He was a veteran of World War I and was a member of the First Baptist Church of Marietta.

Survivors include his wife, Mrs. Estelle Rice; two sons, William C. Rice, Hawaii, and Robert Joe Rice, Canyon; three daughters, Mrs. Betty Waldon, Amarillo, Mrs. Dana McDowell, Canyon, and Mrs. Sue Stipe, Stratford; two sisters, Mrs. Margaret Holt, Tulsa, and Mrs. Joanna Northcutt, Marietta; and five grandchildren.

Record Breaking Enrollment Seen For West Texas Opening Monday

Another boost in enrollment is expected at West Texas State College when fall semester activities get underway Monday. About 2000 students will begin moving to the campus Monday.

An enlarged cafeteria, two new dormitories and a major addition to a third dormitory will be ready to receive the record enrollment. The cafeteria addition doubles the feeding capacity, and with new housing facilities, nearly 1200 students may live on the campus.

A total of 36 new instructional faculty and staff members have been added, of whom only 14 are replacements for teachers who have retired or have been granted leaves of absence for additional graduate study.

First college event is a faculty

breakfast and business session at 8 a. m. Saturday in the cafeteria. Students will begin moving into dormitories Sunday.

Beginning freshmen, who include those students without previous college experience, will meet Monday at 8:30 a. m. for an orientation period in the Administration building auditorium. Faculty meetings will be held at 10:30 a. m. and 1:30 p. m. Monday.

A counseling and advisement program for freshmen is slated for the morning of Sept. 17, and registration of sophomores and freshmen will start in the afternoon and continue Wednesday morning.

Juniors, seniors and graduates will register Wednesday afternoon and Thursday morning, Sept. 18-19.

Delay Adoption Until October

Four Canyon citizens attended the public hearing for the \$504,656 Randall County budget for 1958, which was held Monday morning in the commissioners courtroom. Present were David Mathis, Luther Hagard, George Blackwell and Charles Graham.

The three men heard County Auditor read through the budget, which calls for expenditures of \$504,656 and an income of \$561,954. The budget income estimate is based on an estimated tax roll of \$25 million, but Cummings said the tax roll has been completed since the estimate was made and it totals \$26,550,000. That should bring an additional \$15,000 to the county's coffers, he said.

In addition to the tax income of approximately \$270,000 estimated, the budget calls for \$134,000 from motor vehicle registrations, \$85,000 from fines and fees and \$72,954 from miscellaneous sources such as federal payments in lieu of taxes for Buffalo Lake, refunds, hire of machinery and others.

Planned expenditures for next year include \$5381 for the jury fund, \$95,789 for the general operating funds (which was \$130,332 in 1956 and \$107,000 in 1957), \$166,079 in the four road and bridge funds (which was \$323,212 in 1956 and \$186,448 in 1957), \$95,000 in the executive salary fund (\$85,300 in 1956 and \$89,000 in 1957), \$45,000 in the judicial and law enforcement salary fund (\$35,000 in 1956 and \$40,000 in 1957), \$97,406 in the sinking fund (\$68,054 in 1956 and \$78,573 in 1957).

Total expenditures for 1956 were \$648,615 and the estimate for 1957 is \$506,904.

Following the reading of the budget, Hagard asked if the increases in the salary funds came from salary increases or more help. He was told that most of the increase came from additional employees, but some raise had been granted in the past two years.

Matthis asked why the four commissioners are paid from the road and bridge fund instead of the salary fund. Cummings said the statutes allow the commissioners to be paid from either source.

In other action, the court approved purchase of right of way for the expressway from Marshall Rockwell Jr. and Mrs. Marshall Rockwell Sr. The purchase leaves only four tracts which have not been purchased between the top of Canyon Hill and Bell Avenue. Condemnation suits have been filed on all four and hearings are expected to be set for next week. Criminal Dist. Atty. A. W. Lair told the commissioners.

In a special meeting last week the commissioners approved a plan of paving approximately seven miles of Washington street from the Palo Duro highway south to the end of FM 2390, which is not completed.

The plan, presented by district highway engineer Chili Smith, will use the 1958 federal aid secondary road money. In 1957, the money was used to complete the paving around Buffalo Lake and to pave five miles on the south end of the Washington street road. Neither project has been completed.

When the Washington street paving is finished the road will be paved from the city limits of Amarillo south to the Wayside road.

Students who have not yet mailed in transcripts of high school or college work are urged to request these records at the earliest possible time by Registrar Frank Morgan. First all-college assembly is slated at 11 a. m. Sept. 19, and organization of student activities is slated Sept. 24.

Members of the Student Senate and Advisory Council will meet Monday at 10 a. m., and a drawing for dates on the school social calendar will be held at 1 p. m.

What Can Come Next?

Last year, Canyon's J. Evetts Haley ran for governor using "interposition" as one of the platforms for his candidacy on the ground that interposition is the method whereby a state uses its sovereignty to keep the federal government from usurping powers that rightfully belong to the states.

At the time, there were several debates, both on speaking platforms and in newspapers, as to the meaning of "interposition." Mr. Haley explained it as a state interposing its power between the federal government and ordinary citizens.

If that is the true meaning of interposition, then it seems to us that the governor of Arkansas, Orval Faubus, is using interposition to halt what he must consider usurpation of states' rights by the federal government. As do many people of the south, and apparently some people of the north, also, the governor apparently believes that the people and the states have the right to decide whether there shall be intermingling of the races in public places.

(We say that apparently some people of the north believe that, also, because of the racial gang fights in Chicago this summer, and the recent uprising in Levittown, Pa.)

Gov. Faubus, if he is testing the principle of interposition, seems to have handled the situation neatly. While using force in Little Rock, he has left himself and the state a loophole in case the action backfires. He's allowed other schools in the state to integrate this year.

The national guard is under the direct command of the governors of the various states unless the national guard has been mobilized as a part of the federal forces by order of the President during a national emergency. Apparently, the national guard is not legally bound to take orders from the President unless it has been mobilized.

Gov. Faubus has put a ring of guardsmen around Central High School in Little Rock and from reports we can believe he has ringed the governor's mansion with troops. His published reason for the action is to "preserve the peace." There has been little talk of "interposition," but that's what it seems to us.

It's hard to conceive that the President might order federal troops to oppose units of the Arkansas National Guard. It's also hard to conceive that the federal courts will issue a warrant for the arrest of Gov. Faubus. We can see easily how one of the federal courts might issue an order that Negroes be admitted to the school immediately.

But what happens then? The federal court in Arkansas has already ordered that Negroes be admitted to the school. It's doubtful that another order will change the governor's stand. The federal judges have the authority to order the U. S. marshal of the district to enforce their orders.

And what if the district judge does that? Will Gov. Faubus order his troops to allow the U. S. marshal to escort Negroes into the school? That's doubtful, too.

More Recognition

The Panhandle-Plains Historical Museum has received more recognition from afar.

An article entitled "The West Today" by S. Omar Barker appears as part of a book named "This Is the West," which has recently been published.

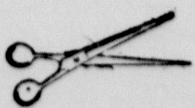

Mr. Barker, one of the most respected of western authors whose works have appeared in the *Saturday Evening Post* for years, tells of places where authentic remains of the Old West may be seen and lists several good museums such as the Alamo, the old Governors Palace in Santa Fe and the museum here.

He says: "My choice of them all for cow country record is the one at Canyon, where the fine murals of Harold Bugbee help tell the story of the Plains."

We can only hope that someday the people who live in the shadow of the Panhandle-Plains Historical Museum will wake up and recognize what it is.

What Our Neighbors Say...

Scissor Snippings

Paul Lofkin in the *Panhandle Herald*: "A South Bend, Ind., telephone operator called The Herald Saturday morning for information concerning a plane crash in Panhandle. When assured that no crash had occurred, she said that

the crash was in the Panhandle of Texas. We told her that the Panhandle of Texas was about the size of Indiana, and although the city of Panhandle was the most important city in the area, we just couldn't check with all the neigh-

bors for her. We did a bit of checking and sure enough an Air Force plane smashed near El Paso and killed five young men, one of whom was a resident of a city in the Panhandle of Texas."

Reports have it that the FBI has been ordered to investigate the situation. It would be quite hard for the FBI to oppose the Arkansas troops to enforce any decision of the executive department. Gov. Faubus could easily order the guardsmen to keep FBI agents away from the school on the premise that the agents might cause a "breach of the peace."

At this writing, the situation in Little Rock stands at an impasse. There has been a lot of talk from the federal government and some from the Arkansas government, also. But there has been little action. So long as Gov. Faubus stands his ground and keeps the Arkansas National Guard in action, there is little the federal government can do except oppose the guardsmen with federal troops and put the Negroes in school by force, it seems to us. And that's a terrible thought to dwell upon—that sort of thing could erupt into a war of sorts.

It seems to us that the situation in Arkansas is a first class test of whether "interposition" will work. It will be most interesting, and quite important to the future of the nation, as we know it, to watch the outcome of Gov. Faubus vs the federal courts.

Stretching Hurts

When a youngster in his teens grows in a hurry, he itches here and there and has the symptoms of what we call growing pains. He has the problem of part of his body wanting to get bigger and other parts wanting to stay the same size. Of course, the part wanting to grow wins out in the end.

Canyon is having the same sort of trouble. We have people in town who want to grow and we have others who aren't especially interested in any growth—they want the town to stay the same, nice little town that it has always been.

We saw an example of the two elements battling this summer during the double election for water bonds. And the stretching between the elements hurt. But the growth is coming on.

The growth is hurting in another area, now. Our schools, which were more than adequate just a short time back, are not quite large enough now, and something will need to be done in order to scratch the itching.

As soon as the record enrollment was known, we could hear some say, "Why didn't they build the elementary school big enough?" That's said without realizing that the elementary school was big enough when it was planned. We've nearly outgrown it is the trouble.

One of these days, the growth will exceed the sewer collection system, and there'll be people to ask why the sewer system wasn't built larger a few years ago when the bonds were voted. They'll not remember that the system was made larger, but the growth is in areas which were fields and pastures then.

Canyon will have the same problem with streets, with the fire department—in all areas of corporate living—and we'll have to get busy and scratch where it itches. Let's hope that we can have the foresight to build not only for our immediate needs, but for further growth. It will take the best brains we have for the job.

Congratulations

Those of us who went to the city park last week for the big watermelon feast, and there were a lot of us, know well what was missed by those who didn't go.

The *Canyon News* offers its congratulations to Bob Bellah, Hosea Foster and Paul Lindsey for thinking of the idea, buying the watermelons and inviting all of us to the feed. And further congratulations go to the board of directors of the Chamber of Commerce and their committees of volunteer workers for serving the watermelons.

We believe that the watermelon spread for the people of the county was the nicest thing that has happened in Canyon for a long time. Thank you Bob, Hosea and Paul.

I GIVE YOU
TEXAS
By
BOYCE HOUSE

One of the richest men in America many years ago built a mansion in Port Arthur, when the future city was little more than a village, but never occupied the palatial home; his wife even declined to set foot in it.

This has always been an intriguing mystery—but to this chronicler in 1945, George M. Craig, Port Arthur bank president, explained in one word: Mosquitoes!

In 1899, Arthur Stilwell, builder of the Kansas City Southern Railway, brought a group of millionaires to the new town which bore his name and which he had founded as the terminus of his railroad. In the group were John W. (Beta-Million) Gates, Isaac Elwood, inventor and manufacturer of barbed wire, and James Hopkins, vice president of the Diamond Match Company.

Craig, then manager of the Port Arthur Land & Townsite Company, sold lots to Gates and Elwood, who built winter homes side by side, at a cost of many thousands of dollars. After the Elwood mansion had been completed, Mr. and Mrs. Elwood arrived in Port Arthur aboard Gates' private railway

car and they were met at the station by Craig and in his surrey they set out for the new home.

Port Arthur had no paved streets, the mud was deep and at times mosquitoes were so bad that sulphur smudges were kept burning in the stores. This was one of the times. So Craig handed his guests mosquito nets to wear over their faces on the drive but Mrs. Elwood did not fit the net down well and the insects bit her until her face bore numerous welts.

When the group reached the new home, Mrs. Elwood made no move to get out of the surrey. Her husband asked, "Do you want to go in?" She turned and, with a wan smile, replied, "Ike, I think that place we have in Florida is good enough for me."

So Craig turned the carriage around and they returned to Gates' private car. Upon lighting from the surrey, Elwood asked the group, "How much am I offered for my Port Arthur home?" Someone humorously started the bidding at \$100; someone else raised it to \$1,000 and the price went up until Hopkins bid \$10,000.

"Sold!" cried Elwood. The new owner suggested that Craig and his family occupy the home, rent free, and the offer was accepted. Several times, Craig asked Hopkins to name a price for the property but he parried the requests. On one visit, Hopkins and his family were guests of Mr. and Mrs. Craig for a week. Mos-

quitoes again were bad and so the ladies remained indoors while Hopkins, Gates and Craig went duck-hunting. Craig tried again:

"Uncle Jimmy"—(the affectionate way his younger friends addressed Hopkins)—"will you trade your house for Texas Company stock with a par value of \$10,000?"

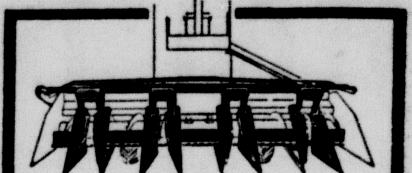

This was in the early days of the Texas Company but the stock was worth about \$12,000. The match magnate showed interest but suggested they wait until he could talk the matter over with his family. Next morning, he called at Craig's desk in the bank and accepted the offer.

An interesting sidelight is that, if Craig had retained the Texas Company stock and had exercised the rights a stockholder had to acquire additional stock as the company expanded, his holdings in the company would have been around a million dollars.

So when he visited the company's main offices about 1944, he was introduced all around as "the man who lives in a million-dollar house in Port Arthur."

Eagles Slash Slaton Tigers in Opening Game

Eagles fly better in the rain than in high winds, or at least the Canyon Eagles did Friday night to defeat the Slaton Tigers 26-13 in the season opener for both teams.

The first half of the ball game was played in northerly winds which blew between 25 and 40 miles an hour with gusts even higher. During the half, the Tigers controlled the game, scoring both their touchdowns and holding the Eagles down to only six points.

In the second half, the wind had changed to rain that dripped and drizzled. The Eagles took over after the halftime and dominated the Tigers, scoring 20 points and allowing the Slaton team to handle the ball for only 25 plays with two first downs.

The Eagles kicked off to open the game, but it took almost the entire quarter before the Tigers were able to score even though it looked as if Slaton would cross the goal line at any time after the kickoff return.

Pat Adamack received the ball on the Slaton 5 and ran back to the Slaton 46. Then Rodney Fulcher took the ball on the first play from scrimmage and ran 29 yards to the Canyon 25. After another first down on the Canyon

15, the Tigers gave the ball to the Eagles on downs, and A. L. Pruett kicked to the Slaton 44 on fourth down.

Eight plays and four first downs later, the Tigers' Fulcher took the ball on a dive through the left side of the line and scored the first touchdown with 2:47 left in the first quarter. Alex Franco tried to run the ball over but was unsuccessful.

The Eagles took the ball and held on to it through the end of the first quarter and for a series of downs marred by clipping penalties against both teams at the beginning of the second quarter.

The plays and the penalties worked the ball to the Slaton 7. Canyon lost the ball on downs and Slaton's Franco ran to the 15. Quarterback Douglas Corley fumbled the ball and lost it one yard.

Pruett picked up one yard, then eight. Halfback Leonard Miller picked up five yards and the first Eagle touchdown on a dive with 9:26 left in the second quarter. Pruett's extra point kick was against the wind and no good.

The Eagles fumbled a chance on the next kickoff. Eddie Boydston kicked to the Slaton 36 and Roy Hunter covered the ball to retain possession for Canyon. Boydston took the ball on a five-yard trip, but fumbled and lost.

Slaton took the ball on Slaton 31 and worked it to the 39 and Corley kicked to the Canyon 15. Pruett ran back to the 21, but a clipping penalty set the ball on the six. Boydston quick-kicked to the 38.

The Tigers' passing attack showed up on the next play. Corley heaved a pass to Adamack, who was running past the 22-yard line at the time, and Adamack finished the run to score the second touchdown with 6:18 left in

the second quarter. An extra-point kick try by Dale Gordon was good to make the score Slaton 13, Canyon 6.

As the half ended, the wind changed to rain and the halftime shows planned by both Canyon and Slaton were washed out. But the rain must have washed the stripes of the Tigers or cleaned the feathers of the Eagles.

Taking the second-half kickoff, the Eagles were on the prod. Tackle Richard Burgess covered the kickoff on the Canyon 47 and the Eagles moved across the center stripe in two plays and had a first down on the Slaton 42 in three. The next first down took the ball to the 25 and the next took it to the 14. The fourth down put the ball on the Slaton four.

Pruett kept the ball and plunged over right tackle with 6:28 left in the third quarter. A running play for the extra point was no good.

The Eagles kicked off and the Tigers got the ball for four downs, the only four downs they had the ball in the third quarter. They kicked to the Eagles and Canyon got ready to fly for the goal line from their own 28.

They got a first down on the Slaton 47, another on the Slaton

30, a third on the Slaton 19 and the quarter ended. In the first minute of the second quarter, the fourth first down came on the Slaton five. Boydston then picked up four yards and Ronnie Huyek split the Slaton line for the last yard and the score. Boydston carried for the extra point making the score 19-13. The touchdown came with 10:58 left in the game.

In the final seconds of the game, the Eagles punched the final score across the goal line.

Both teams had played the final quarter in the middle of the field. With the line of scrimmage on the Canyon 41, Pruett kicked 51 yards on fourth down to the Slaton 10. Halfback J. Sikes received the ball, but was knocked loose from it and Canyon recovered at that point.

Pruett tried a pass and was stopped for no gain on a run. On third down, Pruett passed to Miller who stepped on across the goal line for the score with only 38 seconds left in the game. The extra point try was good with Pruett running across on a keeper play to make the final

score.

The statistics were:

	S	C
First downs	11	16
Rushing Yards	134	238
Passing Yards	81	23
Passes Tried	13	6
Passes Completed	4	2
Punts	4	3
Average	38	40
Fumbles Lost	2	3
Penalties	4/40	5/55

Wayside News

The Rev. Leatherwood filled his regular appointments Sunday.

S/Sgt. and Mrs. Robert G. Gusa and son, Mike, left by plane Sept. 5 for Erding, Germany, where he will be stationed in the Air Force. Their mailing address is 440th F.I.S.A.T.O., 207 N. Y. N. Y.

Friends and relatives honored them with a gypsy stew. They met in Mrs. Allie McNeil's home in Canyon for the occasion Saturday night. The family was also honored with a supper in the Cliff Abbott home in Canyon.

Mr. and Mrs. H. R. Franklin of Amarillo were visitors in the W. R. Franklin and Joe Rogers homes Monday evening.

Mrs. Macie Helms of Claude and Mr. and Mrs. John McGehee and Mr. and Mrs. Elzo Guest of Happy visited with relatives in Olton Monday.

Mr. and Mrs. Jimmie Bean of Broken Bone, Okla., have moved to the Parker farm previously occupied by the Cecil Reeds.

Capt. and Mrs. Bryce Payne, who are stationed in England, announce the arrival of their fourth son. He was born July 30, and the Paynes have named him Douglas Paul. They expect to arrive back in the United States sometime in November after serving three years overseas.

Mr. and Mrs. Gene Carter have spent several days in the Wiatt Heisler home. Mrs. Heisler is having some remodeling done to her house.

Mr. and Mrs. M. L. Womble of Fredrick, Okla., spent the weekend with their daughter and family, the Bill Heislens.

Mrs. Carrie Easley of Cleburne is visiting her daughter and family, the Clifford Stevens.

Mrs. Eunice Hankins of Arlington came for her children, Bob, Nancy and Randy, who have been visiting their grandmother, Mrs. Fannie Stevens. Mrs. Hankins' daughter and son-in-law, Mr. and Mrs. Bill Arnold, came with her.

Economy

The people called for economy and they got exactly that. The budget was cut by \$5,600,000,000—8.7 per cent. A Democratic Congress saved that much money out of the proposals of a Republican President.

Conservation

Important water projects were advanced. New ones were launched. Surveys were started on the Texas rivers. Most important of all, the Bureau of Reclamation and the Army Engineers agreed to work together and produce an overall water plan for Texas.

Military

Military construction is important to Texas. Our State is a key part of the defense system. Congress appropriated \$72,375,000 for further construction and expansion of facilities in Texas.

Mutual Security

The Congress shifted from the "giveaway" concept of Foreign Aid to a sound respectable program of loans. It has been our experience that gifts create ill will and bad feeling. But nations to whom we have lent money have a good record for repayment and feel better about the whole transaction.

The closing days of the session were featured by the debate over the civil rights bill. It was necessary to accept an amendment approved by the House. But this amendment did not touch the Senate jury trial provision to any practical extent.

It represented primarily a meth-

od of coming to an agreement. But the conditions of the compromise are such that no prudent judge will hold a criminal contempt trial without a jury.

I want to thank all the people of Texas. You have been very

understanding. It is a great pleasure to work for such wonderful people.

For the time being, so long. I hope to see you while I am in Texas this Fall. Meanwhile, goodbye, good luck and God bless you.

MORE PEOPLE DRIVE CHEVROLETS THAN ANY OTHER CAR

New Chevrolet Bel Air Sport Coupe with spunk to spare!

Great to have—and only Chevy's got 'em!

Chevrolet's the only leading low-priced car with any of these advances—the only car at any price with all of them!

BODY BY FISHER. You get more to be proud of in Chevrolet. No other low-priced car is quite so beautifully or substantially built down to the last detail.

SHORTEST STROKE V8. This helps explain Chevrolet's smooth and lively V8 ways. Short-stroke design also means less piston travel, longer engine life. Here's

super-efficient power with plenty of vim and vigor!

STANDARD BALL-RACE STEERING. Chevy's Ball-Race steering gear mechanism is virtually friction-free! That means easier parking, surer control, more relaxed driving.

POSITRACTION REAR AXLE*. When one rear wheel slips in mud, snow or ice, the wheel with the traction grips for sure going!

TRIPLE-TURBINE TURBO-GLIDE*. The silkier automatic drive anywhere! You move from

standstill to top cruising speed in one gentle stream of motion. Special "Grade Retarder" position saves braking on hills.

P.S. Chevy's got the big "details," too! See all the exclusives at your Chevrolet dealer's!

*Optional at extra cost

Canyonite's Sister Dies in Kentucky

Mrs. Florence Fulton of Kentucky, sister of Mrs. E. D. Walker, died Aug. 28 and was buried Aug. 31 in Malta Bend, Mo.

Mrs. Walker was at her sister's bedside when she died and attended the funeral.

Recent guests of Mrs. Gordon-Cummings were Dr. Harold G. Cooke, who is president of McMurry College, Abilene, Dr. J. Dean Williams, who is a member of the McMurry faculty, Mr. and Mrs. Doug Morland, their daughter and son, Diane and Mark, Mr. and Mrs. Gordon Culwell and their daughter and son, Gracie and Mike.

Mr. and Mrs. Dick Loudder were in Napa, Calif., recently visiting her parents, the Max Stallings.

Mrs. W. I. Wester returned last week from an extended visit in Missouri with old friends and relatives in Springfield.

Mrs. Iris Gazzaway and daughter, Linda, visited last weekend in Happy with Mrs. Gazzaway's daughter, Mrs. Ed Lepper, and family.

Calliham Tells ABCPRA Progress

Progress of the young American Beef Cattle Performance Registry Association was given to Rotary Club members Tuesday by Dr. M. R. Calliham, executive secretary of the group. President of the national association, Max Blair of Follett, attended the meeting.

He said that the association now has members from most of the states of the nation, and that seven state associations are now affiliated in the group.

Visiting Rotarians included Herbert Chase of Harrodsburg, Ky., Bob Lindsey of Borger, Elwood Whitacre of the South and West Amarillo club, and E. Kancher, Bob Denman and William H. Torrey of Amarillo.

CARD OF THANKS

I wish to thank everyone in Canyon for their visits, cards, flowers, and many kind deeds during my recent stay in the hospital. Your thoughtfulness will always be remembered. Burch Campbell.

It's a Small World Canyonites Find

It's a small world after all the Mark A. Fosters discovered on their recent trip to California. While touring Disneyland, and feeling definitely far from home, the Fosters met the J. D. Byrds, who were just as surprised to see fellow Canyonites.

The Fosters have just returned from their two week trip during which time they visited the Mark L. Fosters in Bellflower, Calif., and the Ed Dowds in Compton, Calif., and toured Las Vegas, Boulder Dam and Grand Canyon.

Of the sites they saw during the trip Mrs. Foster seemed most impressed with Disneyland. She thought it quite "fabulous" and felt adults could enjoy the novelty more than children because they were able to realize the great time and money and effort spent in building Disneyland. She feels it has not been greatly over-rated.

You can't live on advertised specials alone — no matter how many markets you went to for them. Serving 21 delicious, nutritious meals a week requires a big variety of fine foods, many of which you never see advertised. Therefore, the sure way to cut food bills down to budget size is to shop at COOPER'S where you get low price after low price up and down every aisle . . . up and down the checkout tape. No wonder a cartful of fine foods adds up to a lower total cost when you shop here.

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS
OF THE 18TH CONGRESSIONAL DISTRICT

Statehood for Alaska and Hawaii
Many people have asked, "What happened to the Alaska-Hawaii statehood bills?" The answer is that the forces advocating the admission of Hawaii and Alaska as the 49th and 50th states in this Union have not relaxed their efforts.

In fact, they have been vigorously prosecuted during this session of the Congress and will, no doubt, continue to be so prosecuted in the future. These people are deeply sincere in their desire to have these two territories granted the status of full statehood.

May I say that, although I have the most profound respect for them, I must continue to disagree with the result they seek. I have pointed this out on numerous occasions in previous newsletters and will not burden you further at this time with argument on the subject. However, I did want to point out to those interested in these measures that they both are very much alive.

The bill concerning Alaskan statehood was passed by the Committee and sent to the House of Representatives; however, no action was taken on the bill during this session because the proponents felt its chances of passage would be much better in 1958, an election year. The proponent of Hawaiian statehood felt their chances of success would be enhanced if they waited until 1958 and took their chances in an election year.

They have not pressed for passage of their bill by the Committee, but will no doubt ask that it be one of the first matters of business when Congress convenes in January, 1958.

Those of us who have opposed the statehood status of these two territories feel that the action of the proponents in this particular case points up one of our best arguments. It shows very clearly that so many people consider this strictly on a political basis.

We have discussed this at length many times and have pointed out that the history of this country will reflect that the admission of many states in the past has been a matter of political expediency, and the determining factor was something political, such as control of the House or the Senate, or the admission of states as slave states or free states.

We have not criticized the admission of these territories simply for the purpose of obstructing statehood. We have tried to approach the problem on a sound basis and have introduced legislation to effectuate the result sought by these territories, but on a different basis than that of politics alone.

A number of us have recently introduced H. J. Res. 443 proposing an amendment to the Constitution with respect to the admission of new states as sovereign states of the United States. This proposed amendment would provide that whenever two-thirds of both Houses or two-thirds of the

several states should propose that a new state be admitted to the Union, the Congress should call a convention for proposing the admission of the new state to the Union; that in either case, the proposal by the convention, if ratified by the legislatures of three-fourths of the several states or by conventions in three-fourths thereof as the Congress might direct, would result in the said territory becoming a state.

Incidentally, the proposed amendment has a provision that would protect the right of Texas to divide itself into five states should it so desire. Certainly, none of us Texans believe this would ever happen, but we felt we should protect any rights which we had.

It has been our feeling that the question of whether or not new states are to be added to the Union should be a decision to be made by the states themselves rather than by the Congress.

The Agricultural Picture
It is not necessary to tell you that the agricultural picture is still very, very dark. Why the Department of Agriculture has not undertaken to relieve the situation, in view of the continuing rise in the cost of living index, is a mystery to all.

To give you some idea of the beating the farmer has taken on the economic scale since 1952, we have only to examine the information released by the Department of Agriculture to find out that in 1952 it took 96 cwt of grain sorghum at \$2.65 to buy a two-row tractor-cultivator at \$253. In 1957, it takes 173 cwt at \$1.70 in order to buy the same cultivator, which now sells for \$294.

In other words, it takes almost twice the amount of grain sorghum today to buy the cultivator than it did in 1952. In 1952, 66 cwt of cattle at \$22.10 would buy a power-take-off combine at \$1,460. In 1957, it requires 105 cwt at \$16 for the same combine, which now lists for \$1,660; or, 38 cwt more in 1957 than was required in 1952. Let us sincerely hope and pray the powers that be will awaken to the situation before all is lost.

What's Your Idea of Heaven?
The other morning I took the children by a bakery that is located in our part of town. The little boy went in to make the purchase. When he returned to the car he sat down with a satisfied look on his face and said, "Dad, it's just like heaven in there. It smells so good and it's air conditioned, too."

NO. 942

IN RE: GUARDIANSHIP OF ELIZABETH ANNIE SHAFFER, A Person of Unsound Mind
IN THE COUNTY COURT IN AND FOR RANDALL COUNTY, TEXAS
TO ALL PERSONS INTERESTED IN THE ABOVE NAMED PERSON OF UNSOUND MIND:

You are notified that I have, on the 5th day of September, 1957, filed with the County Clerk of Randall County, Texas, an Application, under oath, for authority to make an Oil, Gas and Mineral lease on the undivided 1/2 mineral interest of Elizabeth Annie Shaffer, a person of unsound mind, on the following described property:

All of the East Half (E 1/2) of Section Thirty-five (35) Block Seven (7), 14GN Survey, Abstract No. 485, Certificate No. 3286, Carson County, Texas, containing 320 acres of land more or less.

That Roy Joe Stevens, Judge of the County Court of Randall County, Texas, on the 5th day of September, 1957, duly entered his Order designating the 23rd day of September, 1957, at 10:00 o'clock A. M., in the County Courtroom in the Court House of such County as the time and place when and where such Application would be heard, and that such Application will be heard at such time and place.

JUANITA POSEY
Juanita Posey, Guardian of the Person and Estate of Elizabeth Annie Shaffer, a Person of Unsound Mind. 231

Fairview Breezes

Mrs. Fern Wilson entertained the Home Demonstration Club on Friday afternoon with nine members present. The election of officers resulted in Lavena Amerson as president; Madge Sutton, vice president; Madge Sutton, council delegate; Evelyn Shipman, secretary; Georgia Rogers, parliamentarian.

The next HD club meeting will be in the G. E. Wesley home with Lavena Amerson, our bedroom demonstrator, Sept. 20.

Mrs. Fern Rogers and children are ill with severe colds. They were seeking a doctor Sunday morning.

Brother Bill Hall filled the pulpit here Sunday morning and evening and visited in the John Patterson home for lunch.

We received around one inch of moisture the past week.

Mr. and Mrs. J. W. Wesley and Mrs. Woodrow Wesley attended the ball game Friday evening between Turkey and Happy. It was a well played game. Turkey beat Happy 6-0. After the game the Wesleys visited with Mrs. Ella Hext.

Mr. and Mrs. G. E. Wesley and Lavena Amerson and Mr. and Mrs. Richard Evans took ice cream and celebrated Mrs. Ann Read's birthday Saturday evening. The Reads have recently purchased a home and moved into Happy.

Mr. and Mrs. Frank Rogers visited Sunday in the J. W. Wesley home.

M. L. McGehee visited Friday night with C. R. Wesley.

Lavena Amerson accompanied her parents, the F. O. Amersons, to Amarillo Sunday to visit with the Dan L. Amerson family.

Mr. and Mrs. Junior Lowery and their four daughters visited Sunday in the G. E. Wesley home.

Mrs. Inez Shipman is working

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

The planting of winter legumes such as Hairy Vetch or Austrian Winter peas will provide a good cover for soils that will blow this winter and spring if it is not protected.

These legumes also provide some good grazing and are excellent soil conditioners and soil improving crops.

A good seedbed should be prepared by killing the weeds with sweeps or disc plows.

Time of planting should be between July 1 and October 31, with a seeding rate of 15 to 20 pounds per acre. Vetch may be planted with rye using 8 to 10 pounds of vetch and 15 to 20 pounds of rye. The seed should be planted 1 1/2 to 2 1/2 inches deep.

All legume seed should be inoculated before planting to insure a good stand of vigorous plants.

For further information contact your Soil Conservation Service technicians or district supervisors.

at Laroes Cafe while Mrs. Maud Brown is on vacation for two weeks.

J. W. Wesley was in Happy Saturday morning on business.

Mr. and Mrs. Frank Rogers and Mr. and Mrs. J. W. Wesley visited Tuesday evening in the G. E. Wesley home.

Mr. and Mrs. E. E. Wesley visited Wednesday in the parental J. W. Wesley home.

Student Tells Impressions Made On Summer Geography Tour

The following is a theme written by a West Texas State College student who took the annual geography tour sponsored by the geography department at West Texas. In the theme she gives her impressions of the trip through the Southeastern states and Cuba. — Editor.

By MARGARET AVEN

"I realize it is much too soon for me to attempt to evaluate my trip very accurately, because each day that passes I am aware of some new impression or some deeper understanding of a situation or place for having been there.

"Just this morning I noticed the article about the youths who are defying our government and going into Red China. As I read their names and hometowns I noted that most of them came from New York City, Chicago and other large cities. I never seem to be particularly surprised at the actions of people from large cities, but I suddenly noticed the name of another boy in this list and he was from Pas Christian, Mississippi.

"How surprising, I thought, why we were through there and it was just a peaceful little town. If a youth from Pas Christian could do that so could a youth from Hereford or Canyon or any of our small towns.

"The point I am trying to make is that as a result of this trip names of places in our newspapers take on new meaning. They recall a mental picture of an area in our country, and it's more like reading the hometown news.

"I believe one of the most enlightening things for me is the understanding I now have of the flooding conditions which exist on the coastal plains. When I have read of the floods and the families that were stranded or drowned I have always felt inwardly how foolish they were to stay at home and be swept away.

"I always thought, 'Why didn't they go to the neighbors on the hill?' Now I understand why—the neighbor doesn't live on a hill. I had no idea the river, the swamp, the highway, the farm land, the towns, in fact everything, and for miles and miles, was all practically the same elevation. It is not surprising to me now that many are drowned each year. I'm sure that I, too, would stay at home hoping each time that the rain would cease before the flood water got to my house.

"I understand now why the farmers in Mississippi, Alabama, Georgia, Louisiana, Arkansas and some of the other states we did not visit have such a hard time making even a meager living unless they happen to own delta land.

"As we drove through these areas I could see how their abundant rainfall continually washes away the topsoil, robbing the land of its fertility and leaving it gullied and unproductive; however, I feel sure the conservation practices we observed, particularly the use of the kudzu vine as a ground cover and soil builder, has improved the productivity of the area over a few years ago. If these conservation practices are continued I am sure we would be able to detect a much greater improvement in the agricultural pattern in another five years.

"Having read much of the 'proud South,' I was especially anxious to visit South Carolina and Georgia to see for myself if there still existed that feeling of southern aristocracy. I certainly felt that it still existed in Charleston and I admired the people for holding on to their traditions and heritages.

"I thought the little woman who lectured to us in the old French Huguenot church in Charleston exemplified this feeling very well when she was talking about the people who were buried there in the church yard and of the burials they continued to have.

"She said, sort of under her breath, 'Oh, course these are all of the old history-making families. If they were not they would not be allowed to be buried here.'

"The toss of her head and the implications of her voice plainly said to me that there was something special about those people and that she was proud to be a part of that heritage. If I lived there I might label that snobbery and resent it, but as I am a Texan I did not resent it; it simply bore out the impressions I had gotten from history and I would have been disappointed had I not seen some of it.

"My visit to Cuba was my first visit to a foreign country except for short distances into Mexico, and I'm sure I shall always remember this first experience with the custom's officers and the feeling of inadequacy I experienced when I was not able to speak to those helpers in a language they could understand.

"I rather enjoyed the whole experience, but how I would have liked to do a little 'ranting and raving' as some of those Cubans were doing in their language! But, seriously, I think I shall always have a deeper feeling of compassion for foreign speaking people in our country, knowing how frustrated they must sometimes feel when they can't make themselves understood and when they don't know exactly what is expected of them.

"The evidence of great wealth and investment as was shown by the ultra-modern constructions, finished and underway, as compared to the filth, dire poverty and neglect in parts of Havana was interesting to me. As our driver told us of some of the salaries paid and of the meager profits some of the farmers were able to keep for themselves I could better understand the discontent of the poor people, particularly those in rural areas and could see reasons for the insurrection which existed.

"Another thing which impressed me about Cuba was the preparation of food, particularly the use of tropical fruit. I thoroughly enjoyed this, (obviously I didn't get one of those bugs) and it seems to me they make wonderful use of their resources.

"It seems to me that it is sufficient to say that all of the cities we toured, the country through we traveled, the factories and plants we visited, the boat trips, the sponge and fishing industries of the sea, the sea life which we observed at Marine Land, and all the many and varied beauties of nature as well as those man-made have been most educational."

By VERN SANFORD
Texas Press Association

Students are trooping back to school for another year of reading, writin' and 'rithmetic.

But the knottiest school problems are not in the math books. For parents the problem is the high-cost-of-practically-everything. Tuition at state colleges has doubled. Even the parents of first graders are wincing as they add up the "outfitting" bills. Cost of blue jeans, plus crayons, plus lunch money, takes an ever growing bite out of most family budgets. Many mothers will go back to work this fall to help balance the income-outgo equation.

On a bigger scale Texas school agencies and administrators have the problem of the "old woman who lived in the shoe." They have so many children they don't know what to do. Their problem of trying to balance school facilities against school needs is complicated by the fact that one side of the equation — needs — keeps on growing.

Some 1,885,640 children are expected to enroll this month. That is 70,000 more than last fall. To keep the education mills grinding, Texans will spend an estimated \$526,000,000 this year. It's twice as much as was spent eight years ago. Local districts are pouring some \$40,000,000 into new buildings this year.

Showdown on Water

It's now or never for Texans to solve their water problems in an orderly manner.

This, in effect, is the attitude of Gov. Price Daniel as he sets the wheels in motion for a "big push" this fall.

First attack will be by a 100-person statewide water planning committee appointed by the governor. It is to meet in Austin beginning Sept. 9 to develop planning and leadership for a master plan for water conservation and flood control over the state. Committee members include civic leaders and persons interested in and acquainted with water problems from all parts of the state.

They'll also be asked to help plan future water legislation and develop support for the proposed constitutional amendment that

would provide a \$100,000,000 bond issue for water projects.

Second phase of the governor's plan is the special legislative session to pass needed additional laws. Target date for the session still is October, the governor has indicated.

Two pieces of water legislation are proposed by Governor Daniel: (1) Creation of a state water planning division to draw up a master plan and (2) a law enabling the state to purchase water storage space in federal reservoirs (a measure which failed last session).

Planning division probably would cost from \$500,000 to \$1,000,000 says Daniel. This can be obtained, he says, from special funds appropriated, but not used, for other purposes.

If Texas doesn't face the responsibility for its water planning itself, declared the governor, the federal government will take over with a "take it or leave it" plan.

Greenhill Appointed

Joe R. Greenhill of Austin will become an associate justice of the State Supreme Court on Sept. 30.

Greenhill was appointed by the governor to replace Judge Few Brewster, who is resigning because of ill health. A former Houstonian, Greenhill, 43, will be the youngest judge on the high court.

He is a former assistant attorney general to Daniel and was the governor's campaign manager in '56. Daniel termed him "one of Texas' ablest lawyers."

Cotton Crop Slow

Ginning of Texas' cotton crop is lagging behind 1956, but a larger yield than last year is still expected.

By mid-August only 365,504 bales had been ginned, reports the U. S. Dept. of Agriculture. Last year at this time almost twice as much had been ginned.

But crops in many areas are late due to prolonged rains. USDA still predicts the '57 crop in Texas will be 3,775,000 bales compared to 3,615,000 last year.

More Errors Found

All the excitement over moving the State Insurance Department out of the International Life Insurance Co. building in Austin was for naught.

Atty. Gen. Will Wilson has ruled invalid that part of the reorganization bill which ordered a new building.

Wilson says the bill was improperly drawn.

Most Are Sound

Most Texas insurance companies are strong. So said Judge Penn Jackson in his first public speech since becoming chairman of the Board of Insurance Commissioners.

But, he added, "a smaller number are losing ground and may or may not be able to survive."

New Courts

A new district court in Austin

and one in Dallas now are open for business.

Judge Mace B. Thurman, formerly of Travis County's County Court-at-Law, was named to the new bench in Austin.

Judge Claude Williams, Dallas attorney, was appointed to the new court there.

Short Snorts

Texas ranked seventh in the nation last year on per capita income, reports the Bureau of the Census. Texas per capita income, \$1,686. National average, \$1,940.

Dr. N. Jay Rogers of Beaumont and Dr. Ira E. Woods of Grapevine have been re-appointed by the Governor for six-year terms on the State Board of Optometry.

Another motor vehicle period has arrived. You will have until next April 15 to get your new sticker, however. But early inspections are urged by the Department of Public Safety.

Texas draft calls continue to

shrink. October quota is 338. It compares with 387 for September and 547 for August. Inductees will be taken from age 22 and over, except for delinquents and volunteers.

Texas has 308 new nurses. They passed the recent statewide examination for vocational nurse licenses. Two schools have been newly accredited to teach vocational

nursing — Marcom Hospital of Vocational Nursing at Ladonia and Permian General Hospital School of Vocational Nursing at Andrews.

Jobs as examiners with the State Board of Insurance now are open. They are additional posts created by the last legislature. Requirements include a college degree with both courses and experience in insurance accounting.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: Jack Bryant Battenfield, Defendant, Greeting:
YOU ARE HEREBY COMMANDED to appear before the Honorable 47th Judicial District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 7th day of October, A. D. 1957, to Plaintiff's Petition filed in said Court, on the 28th day of June, A. D. 1957, in this Cause, numbered 3364 on the Docket of said Court and styled MARY FRANCES EVANS, A PERSON OF UNSOUND MIND, BY NEXT FRIEND GENE McGLASSON, JR., VS. TEXIE DOLLY SCHAEFFER, NEE EVANS AND HUSBAND, GEORGE SCHAEFFER, SILAS ALFRED EVANS, MITTIE WANN, NEE EVANS, A WIDOW, LIZZIE WESLEY, NEE EVANS, AND HUSBAND, EARL WESLEY, WILLIE ROBERTS, NEE EVANS, AND HUSBAND, JAMES ROBERTS, JOE REEVES EVANS, JR., A MINOR, AND STELLA MAE LEE AS THE GUARDIAN OF JOE REEVES EVANS, JR., A MINOR, AND STELLA MAE LEE INDIVIDUALLY, AND HUSBAND, LOUIS LEE, AND GRACE PAULINE BATTENFIELD, NEE EVANS, AND HUSBAND, JACK BRYANT BATTENFIELD.

A brief statement of the nature of this suit is as follows, to-wit:

A SUIT FOR PARTITION OF LAND or APPOINTMENT OF RECEIVER AND SALE OF LAND, said land being all of Survey 190 (Section) Certificate 0/249, Block M-9, John H. Gibson Survey, located in Swisher, Randall and Armstrong Counties of the State of Texas, consisting of 653.2 acres covered by a Patent dated the 12th day of March, 1953, in favor of H. C. Evans, as more fully shown by Plaintiff's Petition on file in this suit.

If this Citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this Writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said Court at Canyon, Texas, this the 19th day of August, A. D. 1957.

Exchange Vows

MR. AND MRS. JACK THOMAS DORT

Charlotte Clark Become Bride of Jack Dort in Recent Home Service

Charlotte Clark, daughter of Mr. and Mrs. A. A. Clark, is the recent bride of Jack Thomas Dort, son of Mr. and Mrs. K. R. Dort, of Bowie, Texas. Nuptial vows were exchanged by the couple Sept. 1 in the home of the bride's parents. The Rev. J. R. Sharp, retired Presbyterian minister, read the double-ring service.

The living room fireplace, flanked with greenery, white lace vine and white candles, with arrangements of white gladioli and white satin ribbon formed the background for the exchanging of vows.

Barry Clark, brother of the bride, lighted the candles.

Attending the bride were Elizabeth Ann and Lucinda Lee Puckett, nieces of the bride. They wore identical dresses of orchid nylon tulle and halos of orchid tulle trimmed with pearls and carried nosegays of white baby mums with satin streamers.

Given in marriage by her father, the bride was attired in a ballerina length dress of white nylon lace over white satin with a shoulder length veil of matching lace attached to a halo of stephanotis. She carried a white Bible topped with a white orchid and showered with satin streamers.

Mother of the bride, Mrs. Clark, wore a gray silk dress and a corsage of white gladioli.

At the reception following the ceremony, the serving table was laid with a lace cloth centered with an heirloom crystal candelabra, white candles and white net encircling the wedding cake. Presiding at the bride's table were Frances Dort, sister of the bridegroom, and Mrs. A. G. Puckett, sister of the bride. They were

assisted by Myrtle Tool. Mrs. Cecil Briggs, aunt of the bride, registered the guests.

After a wedding trip to New Mexico and Colorado, the couple will be at home in Carlsbad, N. M. For the trip, the bride chose a navy blue, plaid taffeta dress with black velvet accessories and a white orchid corsage.

Mrs. Dort is a graduate of North Texas State College, where she was a member of Alpha Chi and Kappa Mu Epsilon. She has been employed as computer for Shell Oil Company for the past four years. The bridegroom is employed by Shell Oil in the department of exploration.

Out-of-town guests attending the wedding included Frances Dort, Dallas; Myrtle Tool, Midland; Dr. and Mrs. Tool, Oklahoma City; Mrs. A. G. Puckett, Elizabeth Ann and Cindy Lee, Corpus Christi; W. H. Clark, Salt Lake City; Barry Clark, Pasadena, Calif.; Mr. and Mrs. Joe Petree and family; El Centro, Calif.; Mr. and Mrs. D. V. Nesnuth, Lubbock. Other guests were Mr. and Mrs. Cecil Briggs and Ted and Mr. and Mrs. A. L. Bacon and family.

Mr. and Mrs. Happy McAtee and boys, and Mr. and Mrs. James Brooks of Haskell visited last weekend in Dalhart with Mr. and Mrs. Dan Gayler.

Mrs. M. T. Canada left last week for Braintree, Mass., to spend the winter with her daughter, Mrs. Gordon Fullerton, and family.

Mr. and Mrs. Edwin Bailey of Norman, Okla., were recent visitors with relatives in Canyon and Amarillo.

Mr. and Mrs. James W. Guthrie of Boulder, Colo., have announced the arrival of their first child, a girl born Sept. 5 at the Community Hospital in Boulder. Named Janey, the baby weighed six pounds, six ounces at birth. The maternal grandmother is Mrs. L. E. Thomas and Mr. and Mrs. J. A. Guthrie are the paternal grandparents.

Mrs. Cook Dies Here Tuesday

Mrs. Sarah Katherine Cook died early Tuesday morning in Nebbett Hospital. Funeral arrangements were not complete this morning, and will be announced by Warren-LaGrone Funeral Chapel.

A resident of Canyon for the past five years, Mrs. Cook moved here from Bushland. She was born Oct. 9, 1890, in Lee County, Miss., and moved to the Panhandle in 1920.

Survivors include her husband, George H. Cook; four daughters, Mrs. J. A. Hazlewood Jr., Amarillo, Mrs. L. A. Sanderson, Red Wood City, Calif., Mrs. H. H. Meints, Burlingame, Calif., and Mrs. Earl Sharrar, Fresno, Calif.; one son, E. E. Cook, Clare, Mich.; two sisters, Mrs. B. S. Fletcher, Weatherford, and Mrs. Allan Graham, Amarillo; one brother, A. J. Dillard, Dodge City, Kan.; 10 grandchildren and two great-grandchildren.

Mr. and Mrs. Clyde Ivey and son, Mike, visited relatives last weekend in Fort Worth.

C. W. Bauers Have 40th Anniversary

Mr. and Mrs. C. W. Bauer were honored on their 40th wedding anniversary Sept. 1 with a surprise dinner in the home of Mrs. Bauer's mother, Mrs. Alvina Leseberg, who still lives in the same house where the couple was married.

About 150 guests were served dinner and a three-tiered white cake which was topped with two ruby red wedding bells and a red rose and was centered on the lace covered table. The cake was baked by the couple's daughter-in-law, Mrs. Leonard Bauer.

Dinner guests Sunday in the F. V. Brasher home were Mr. and Mrs. Wallace Huff and children of Amarillo, Mr. and Mrs. Elmo Edmonds and daughter of Happy, Mr. and Mrs. Gordon Williams and children and Mr. and Mrs. Lynn Williams and children.

Royce Gum, son of Mr. and Mrs. L. E. Gum, left Thursday for Texas A&M, where he will attend college.

By DOVIE CHERRY

If this seems a very non-social way in which to court a girl consider the red tape of social mores which the young man had to cut in order to have an evening rocking with a young girl. To explain it, Joyce told of the normal evening of a young Cuban girl.

Mr. and Mrs. Curtis Samples and daughter, Pamela, of Houston visited last week Mrs. Samples' parents, the C. E. Heads, in La Junta, Colo., and spent last Wednesday night with his parents, the C. W. Samples, enroute home. Curtis Samples, who is employed by the Schlumberger Well Surveying Corporation, reported Friday in Houston to be transferred to South America.

According to Joyce, the foods are fried because the average fam-

Sorghum Farm Has Public Field Day

The second annual Hybrid Sorghum Field Day will be held Tuesday on the DeKalb Hybrid Sorghum Research Farm northeast of Lubbock. Carroll P. Streeter, editor of the Farm Journal, will be keynote speaker for the event.

The all-day affair begins at 10 a. m. The morning program is a guided tour of the farm. Farm machinery, irrigation equipment, insecticides and fertilizers will be on display.

The noon luncheon will be served by the Lubbock County 4-H council at the farm. The afternoon

program includes a talk on irrigation practices, a farmer panel discussion on hybrid sorghums and Streeter's talk on the farm situation as it affects Texas farmers.

No charge is being made for the field day.

Little Church Holds Sunday Services

Church services are being held at the Little Church on the corner of Seventh Avenue and Fifteenth Street. Sunday School is at 10 a. m. followed by morning worship at 11 a. m.

Pastor is the Rev. John F. Spencer of Berean Full Gospel Tabernacle of Amarillo.

Canyon, Texas

September 10, 1957

To Whom It May Concern:

And it does concern everyone in this wonderful locality. For only in this way can we express the thoughts which need expressing.

This is a letter of thanks to all you wonderful people for the privilege of letting us deliver those wonderful Frigidaire Appliances in to your homes; the rendering of services on your appliances which we do with pleasure and take pride in our work to do the best job we can.

The delivery of each Frigidaire Freezer, Refrigerator, Range, Washer, Dryer, Dishwasher or Disposer is more than just a sale, it is an occasion and as such merits all the pride and ceremony of a good installation, which marks all great events.

As we approach the completion of another year in serving this community, we feel a great pride but also give humble thanks to the most wonderful people in the world—"Our Customers."

All together, we can even make a better community by making it a "Frigidaire Community." With thanks and appreciation which are given,

Sincerely,

H. V. (Andy) Anderson

P. S. — WATCH FOR OUR BIG T. N. T. SALE.

"A penny saved is a penny earned" and a look at the food savings possible with an electric home freezer makes the penny look mighty big. Meats, poultry and vegetables can be bought in quantity, in season, when prices are low. Garden vegetables and fruits can be frozen, retaining all the goodness, freshness and tastiness of the freshly-picked product. Time is money and a freezer frees you from sudden, surprise meals. Such meals are prepared in advance, frozen and are ready to serve, piping hot, in minutes. Why not take a look - tomorrow - you'll like the savings you'll see.
